EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Delete claim 9 and insert new claim 9 as follows:

A hard surface cleaning and disinfecting composition according to claim 1, wherein the composition contains (d) one or more organic solvents selected from the group consisting of alcohols, ethers, glycol ethers, lower esters of monoalkylethers of ethylene glycol or propylene glycol, and mixtures thereof.

Delete claim 10 and insert new claim 10 as follows:

A hard surface cleaning and disinfecting composition according to claim 1, wherein the composition contains (c) one or more deterative surfactants selected from the group consisting of carboxylate, nonionic, cationic and amphoteric surfactants.

2. The following is an examiner's statement of reasons for allowance: Applicants have claimed a hard surface cleaning and disinfecting composition which comprises:

- (a) at least one cationic surfactant having germicidal properties;
- (b) a tristyrilphenolethoxylate compound;
- (c) optionally, one or more deterative surfactants;

Art Unit: 1751

(d) optionally, one or more organic solvents;

(e) water.

The closest prior art of Hagarty, US 5,792,465 teaches insecticide compositions containing a tristyrylphenol ethoxylate and a phenol sanitizer (col. 4, lines 55-66).

Though quaternary ammonium salts are suitable sanitizers of the invention, persons of ordinary skill in the art would not look to an insecticide composition to formulate a hard surface cleaner with a reasonable expectation of success. Accordingly, the present claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles I. Boyer whose telephone number is 571 272 1311. The examiner can normally be reached on M-F 9:30 to 6:00.
